

COOKIE STATEMENT

What is a cookie?

A cookie is a small text file that is stored in your device's browser when you first visit this website. CRV uses functional and analytical cookies. These ensure that the website works as it should and, for example, that your preferences are saved. These cookies are also used in optimising the website and improving your experience with it as a user.

Analytical cookies and privacy legislation

CRV uses cookies to make this website more user-friendly. A Google cookie is placed via this website, as part of its Analytics service. This software provides important statistics on the numbers of visitors, the pages visited, the source of traffic, and other essential information that we use to continually improve the website for users. The statistics are anonymous and cannot be traced back to a certain individual or user. You will soon be able to read more about this in the CRV privacy statement. We have not authorised Google to use the Analytics information obtained for other Google services or share it with third parties.

Buttons for Twitter, Facebook, LinkedIn, Pinterest and Google+

Buttons are displayed on our website for the purpose of "liking" or sharing on social networks like Twitter, Facebook, LinkedIn, Pinterest and Google+. These buttons use bits of code that originate from the social networks themselves. This code is what places the cookies. We have no control of this. Consult the cookie statements of the relevant social media (which may regularly change) for more information about social media cookies.

YouTube videos included

Our website includes YouTube videos that configure cookies. These cookies collect anonymous, statistical data about how often a video is played, for example, and the configuration that is used to play the video. No sensitive data are collected unless you have logged into your Google account, in which case your preferences are linked to your account. For more information about this, read Google's privacy statement.

Activating and deactivating cookies, and their deletion

You can deactivate cookies by configuring your Internet browser so that it will no longer save cookies. You can also delete all information stored earlier via your browser configuration. More information about activating, deactivating and deleting cookies can be found in the instructions and/or your browser's Help function.
